Three Day Celebration In LG Boasts 55 Unit Parade Saturday

The DIMMER VIEW

Politics Is Big Business

Will the next president be a Republican?

He won't be unless GOP bigwigs come to their collective senses and renounce the newly-formed marriage of Richard Nixon and his paid functionary, Dr. Gaylord Parkinson of El Cajon.

Nixon, about whom we have carped before, is no more lovable at this election than he was at previous ones. His political acceptability still leaves too much to be desired. There are those who will point to the close popularity vote of 1964 to make Nixon a forerunner for party leadership but there are those who will assure you that almost any other Republican candidate could have waltzed away with the 1964 election — Goldwater, with his foot chronically lodged in his mouth, being an exception.

The vote was a close 34,227,096 to 34,108,564 and the percentages were 49.71 to 49.55. Rockefeller, except for his badly-timed marital difficulties, might have polled 60%.

With the nation of a mind to resist some of the growing give-away, spend-away, tax-away theories of the Great Society, almost any sound Republican of good fiscal and moral concepts could generate at least five per cent more votes than Nixon.

Parkinson intruded himself into California Republican management several years ago and rode the wave of growing Democratic unpopularity. He produced a theory that would have all Republicans in California indulging in one great love-in. He called it the "Eleventh Commandment," and denied any Republican the happiness that comes with calling another Republican a dirty name.

The Nixon-Parkinson union aligns two men who have availed themselves fully of political opportunism. In March we reviewed in this column the washpishness and superciliousness of Nixon. We also pointed out that the warm, human attitude of Parkinson, as offered by Parkinson's sponsors, is about as phony as a three-dollar bill.

To back up this idea, a reportorial team of Rowland Evans and Robert Novak, writing in the L.A. Times, came up with a story of Parkinson's sell-out of Romney that was as cold and clinical as a surgeon's scalpel.

The Romney forces would have welcomed "Parky" on the team but Parky's terms were as stiff as the bank rate on a third trust deed. Parkinson demanded \$36,000 a year and expenses plus 15% commission on all advertising placed in 13 western states. The latter would produce more income than the salary. But most important, he wanted carte blanche control over the campaign, including fund-raising. Romney's men resisted turning the campaign over to a comparative political novice but urged him to serve in other capacities. And there the matter stood.

It was with considerable dismay and surprise, according to Evans and Novak, that the Romney forces learned in March that Parkinson was to become chairman of the national Nixon committee. Nixon wrote scores of letters to California Republicans on March 15 explaining his position. Between January and March, it appears, Parkinson discovered that Nixon's experience was "unmatched in either party" and he "would make the strongest candidate" that he "would most likely carry a Republican Congress with him" and that he was the one Republican who can "unite the Republican Party for victory."

Parkinson developed a certain amount of national fame with his Eleventh Commandment — thou shalt speak no evil of any other Republican. His theory had a happy effect on California's GOP during the two years he was chairman of the State Central Committee. It may have been Parky, but more rationally, it was the changing times that brought popularity to California's Republican candidates.

Reporting from the Evans-Novak study, it was said that Parkinson, still active in Reagan's triumphant campaign against Brown, even then informed Romney's men he wanted to work for Romney. It also appears that Parky, at the same time, was dickering with Nixon for a fall-back post.

Immediately following the mid-January meeting of the National Committee in New Orleans, after Romney was still viewing his future in the light of Parky's exorbitant demands, Parky flew to New York and sealed his deal with Nixon.

The terms of the Nixon-Parkinson deal are top secret, according to Evans-Novak, but the switch from Romney to Nixon by Parkinson proves that politics is big business in which the profit motive is as important as ideological concepts in the forming of a political alliance — or the making of a presidential candidate.

SCHOOL DAYS — Youngsters in this old-time picture would be about 70 years old today as Lemon Grove celebrates its Old Time Days event. The school, the only one

LEMON GROVE REVIEW

Vol. 19, No. 11

Ten Cents

MISS LEMON GROVE 1967 is Karen Arthur, sister of 1966's Miss Lemon Grove, Linda Arthur. The girl next to Miss LG 1966 is Cathryn Huchel, second runner up. The girl next to Karen is Nanette St. Romain, first runner-up.

Karen Arthur Winner Of Miss L.G. Contest

Karen Arthur, 17, a junior at Mt. Miguel high school, became Miss Lemon Grove Thursday night, at a contest at Lemon Grove Junior High school.

She was in competition with six other girls—all beauties. Nanette St. Romain, was second, and Cathryn Huchel, was third.

Also in the contest were Judith Hamilton, Irene Kurz, Suzanne Sweetland and Suzanne Willis.

An audience of about 200 persons watched judges squint and strain, trying to decide which girl should wear the crown for the next 12 months.

Karen, 110 pound brunette, was awarded the crown by her sister, Linda. Linda was winner of the coveted crown on the same stage just a year before. She is now a stewardess with PSA.

Karen will be one of 28 girls competing for the title of Miss San Diego County and Miss Fairest of the Fair June 8 at a pageant at the U. S. Grant hotel. Winner there will reign over the Del Mar County Fair June 23-July 4.

Karen is the daughter of Mr. and Mrs. C. S. Arthur, of 1938 Massachusetts ave.

Judges were Robbie Kraft, a fashion coordinator Al Mintz, a building contractor, and Emil Kara, on the administrative staff of the San Diego Chargers.

The master of ceremonies was Dr. Sam Smith, a local physician-surgeon.

The program was sponsored by the Lemon Grove Rotary club this year. Rotary president Wiley Cornelius presided over the production.

Doris Boyar, Fairest of the Fair Coordinator, pointed out

that had the Rotary club not picked up the contest, it would have been given to another community and it might have been years before Lemon Grove could have gotten the contest again.

Lee Clapham presented the piano music background for the contest and for a musical interlude. Tempy Dell Cornelius, who might have won the contest had she been eligible, presented several songs related to young beauties.

Miss Lemon Grove, 1966, crowned the new queen and Mrs. Earl Warren, vice president of the L.G. Chamber of Commerce presented the trophies, and the show was over.

The runway was decorated by the Rotarians. Ron York and Howard Levinson chose the trophies and the winner's sash.

Retarded Facility Brings L.G. Protests

Approximately fifty persons attended a meeting Monday night at Monte Vista Lodge in Lemon Grove to question a special use permit that had been issued for a 100-capacity mentally-retarded facility near McKnight dr. and Mt. Vernon sts. in Lemon Grove.

Robert Green, 2138 McKnight, said that the community is entitled to more notice

so that neighbors can protest — if they want.

Green said that if the 100-patient facility houses adults, it would be hazardous to youngsters in the neighborhood.

At least 20 residents of the area will attend a public hearing Friday at the Planning Department.

Overflow Crowd Hostile To Federal HUD Rep. Here

An overflow crowd of approximately 400 persons turned out for a public meeting to learn about the workings of the Federal Housing and Urban Development's Code Assistance program. The meeting was at San Miguel school.

Walter T. Slattery, Area 3 coordinator, Department of Housing and Urban Development, came from Los Angeles at the invitation of a group of interested citizens, to explain the program.

Slattery told them that HUD (Department of Housing and Urban Development) would pay for all but one-third of the cost of public improvements of a district.

There would be several steps required before such aid could be given, he said.

First, the area would have to be designated as having enough environmental deficiencies to interest HUD. He said that this condition was present. Then the Board of Supervisors would have to approve the program and agree to assume certain financial and personal responsibilities. After

that, residents would have to agree to bring their property up to a uniform code level.

The residents would also have to agree on what community improvements they wanted — such as street repairs, curbs, sidewalks, and street lights. HUD would then fund all of this expense except one-third.

Homeowners would be required to bring their premises up to the uniform code level at their own expense. HUD would lend the money to each and every property owner at 3 per cent interest. Community improvements would be set as a lien on the owner's property but also at 3 per cent.

The audience was obviously hostile, and some of them badgered the speaker until they were urged to maintain order by Max Goodwin, program chairman. Goodwin is editor of this newspaper.

Mrs. Lillian Collette, chairman of the meeting, explained that the group which extended the invitation to Slattery, had no preconceived ideas about

HUD and that the meeting was called for informational purposes.

A table had been set up just outside the door by opponents to HUD with petitions for citizens to sign. The banner read "Citizens Opposing HUD".

School Board Special Meet Set For June 5

The Lemon Grove School Board was bob-tailed Monday night due to the illness of trustees Buckner and Cosby.

Only routine matters were handled by the three board members who were there.

They deferred, until a special meeting June 5, the matter of a salary presentation and a budget study.

Byron Netzeley, school superintendent, said the salary discussion postponement was satisfactory with the salary committee in that the committee needed more time to complete the study.

The postponed meeting will be at 7:30 p.m. June 5, at the L.G. Education Center.

NEW EATING PLACE — Plans rae unveiled for the newest eating place in Lemon Grove. The place, Topper's, to be built at 8035 Broadway, opposite St. John of the Cross Catholic church, will feature beef — hamburgers to filet mignon. In the photo on the site of the building, are Mrs. and Mr. Bob Rundell, builders and

lessors, and Byron Reese, operator of Royal Continental Contractors. The restaurant is scheduled to open in mid-July and will feature quarter pound hamburgers at 44¢ to filet mignon and N.Y. cut steaks for \$2.98. Two dining rooms and a banquet room will be available.

Lock That Car Block That Theft

Motorists across the nation are being asked to help law enforcement officials reduce automobile thefts.

Among the steps drivers can take are removing keys from the ignition and locking car doors when parking; using well-lighted and well-traveled parking areas when possible; and putting items worth stealing—such as clothing and cameras—out of sight in locked car trunks.

Nearly a score of national organizations, including the American Petroleum Institute, are cooperating with the U. S. Department of Justice in the National Auto Theft Prevention Campaign currently under way. Many communities across the nation are expected to conduct local educational programs on the subject.

Helix High's Highland Notes

by Shauna McGregor

When cement was poured a few weeks ago for some new sidewalks on the Helix campus, it was an open invitation for Highlanders to leave their marks for posterity.

Initials of assorted shapes and sizes appeared in the fresh cement. However, posterity will never see the great "cement decorations." Students returned to school the following Monday only to find a new layer of cement covering their marks. Oh well.

Last week's activities were all lots of fun and truly successful. Girls' League Weeks featured a movie, "Joy in the Morning," and refreshments on Wednesday afternoon and evening. Girls' League Week was then climaxed Thursday night at a dinner where chairmen of next year's committees and winners of the Girls' League scholarships were announced.

Hoot Mon was, of course, the happening at Helix last week. The long planned for carnival provided a lot of excitement for all Highlanders who attended.

Equally exciting was the Bermuda Ecnuob, a computerized dance which followed Hoot Mon. Persons buying tickets to the dance filled out forms indicating their hobbies, interests, etc. Computers then paired the students from Grossmont and Helix.

GIRL OF THE MONTH, Linda Wilson, 3771 El Canto dr., Spring Valley, has been selected "girl of the month" by the Associated Women Students of Grossmont College. Linda is an art major at Grossmont.

Current employment bettered the previous month's figure by 700 while the net gain in jobs over the past year amounted to 15,400. The upsurge of employment which prevailed during 1966 in San Diego seemed to be slowing seasonally adjusted total employment remained almost constant during the past three months. Also, the over-the-year comparisons showed a narrowing gap with percentage increases dropping from 6.1 percent in February to 5.1 percent in March, and 4.8 percent in April.

It was operated by Milton Mason, now deceased, who was to later

The store was at the corner of Main and Pacific streets. The picture is from the historical collection of the Title Insurance and Trust Co.

I'm sure you'll agree, moving out of town is a big job. Taking care of those hundred-and-one little details can get pretty hectic.

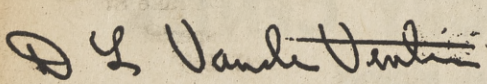

And that's why we have developed a plan that will make any out of town move a whole lot easier. We call it the Easy Move Plan. Here's how it works: with just one call to our Business Office, we'll stop your phone service here and start it there. It doesn't matter whether you're moving to a nearby town or across the country — the Easy Move Plan is effective throughout the Bell System.

Last thing out, first thing in — I'm sure you'll find it saves you time and energy to always have a phone within reach. To get the Easy Move Plan, just call your Service Representative. She'll take care of everything.

Would you believe it actually happened? A policeman spotted a man carrying a pay phone under his arm. When asked if he was expecting a call, the man turned and ran. The officer gave chase, caught the man, and booked him on suspicion of burglary. Once behind bars, the culprit finally made his call — to his lawyer!

To The Outside World

by Kathy Powell

With the year drawing to a close (twenty days to be exact) news around the Matador campus becomes more and more scarce. The last few articles will consist mainly of short clips keeping "the outside world" posted on the last-minute goings-on at M.M.

Tomorrow, Mount Miguel sends its first Scholastic Olympic team to El Cajon high school for finals in the competition. Finalists are John Bryant, Liberal Arts; Pam Mavrinac, Art; Paul Gormley, Music; Doug McCalla, Math and Science. Good luck in the battle of the brains!

Operation Handclasp has taken M.M. by storm; well, at least by flurry. As chairwomen for sending needed articles to Vietnam, Jan and Lynn Norman have asked Mount Miguel's help in gathering a variety of objects for Handclasp. On the basis of class rivalry seniors contribute soap, juniors give cube sugar, sophomores offer needles, and the freshmen give paperback books. To keep the drive alive, keep up the response.

Another event going on at M.M. tomorrow is the Matador band and orchestra's spring concert. It promises to be a melodic evening.

Again on the intelligence scene... a Bank of America banquet for the finalists in that event will be held soon. Wishes... a nice evening to Gwen McGarvey, Patricia Cordray, John Bryant, and Pam Mavrinac.

Last Wednesday found a group of Matadors gathered at this author's house with a member of a rival paper to plan just what the perfect teacher would be. The end result was pretty gasty; it seems that the teachers of the future will be mechanical robots to be turned and off at the student's pleasure.

While in the Western Pacific, the Hornet will serve as the flagship for Rear Admiral Harry L. Hardy Jr., Commander Anti-Submarine Warfare Group Three.

Greg Armstrong

Armstrong To Head LM PacTel Office

G. B. "Greg" Armstrong is the new manager of Pacific Telephone's La Mesa Business Office. The firm announced Armstrong's appointment to the 5500 Grossmont Center dr. facility last week. Armstrong, a graduate of Dartmouth College, has been an employee of the company since 1958.

His first assignment with the utility was assistant manager of the Pasadena Public Office. Armstrong was transferred to San Diego in 1962 and assumed management of the company's centralized mail remittance operation. He was transferred to the San Diego Public Office and served as manager until 1966 when he was appointed advisor to the firm's personnel assessment review board.

D. L. "Don" Vande Venter, manager of the La Mesa Business Office since February, 1966, has been appointed Personnel Supervisor at Pacific Telephone's headquarters location in San Diego.

Workshop Workers' Week Marked Here

The Sheltered Works of San Diego, Inc., 4218 Kearny Mesa rd., are participating this week in statewide celebration of "Workshops Workers' Week", according to Francis F. Cohen, executive director.

Following recent passage of resolutions in both the Assembly and Senate, Gov. Ronald Reagan proclaimed the week, urging businessmen to "do all in their power to support the programs of the workshops by providing subcontracts" to help the handicapped gain economic independence.

"Open house" will be held daylong at the plant—an industrial contract production facility which trains mentally and physically handicapped individuals for private, competitive employment—on Friday, May 26.

Last year, Cohen said, the shops doubled floor space to 15,400 sq. ft., trebled the number of trainees to 125, and nearly quadrupled the professional, supervisory, and technical staff to 22 persons.

Contract sales for the year were \$403,000 compared with \$275,000 in 1965. Last year 75 trainees were placed in private employment, more than double the 30 placements of 1965.

The investment in tools and equipment was increased by \$45,000 to a total of \$109,000, Cohen said.

Kuchel Tries For Vets Burial Benefits

U.S. Senator Thomas H. Kuchel has introduced a bill to increase the burial allowance for deceased veterans of American wars to \$400 from what Kuchel called the "totally inadequate" current allowance of \$250.

In the proposal \$100 would represent new funds to purchase a burial site, while the amount provided for other expenses would be boosted to \$300 from the current total allotment of \$250.

Mrs. Hogan said the tuition fee at the Christian High School is kept at a minimum. She said there is hopes of the organization having its own building and grounds in the not-too-distant future.

"I READ THIS BOOK IN ONLY 2 1/2 HOURS"

says Alan Douglas, host of the Alan Douglas Show heard nightly, Monday through Friday, 11:05 p.m. to 1:00 a.m. over WKYC-Radio. "I started the Evelyn Wood Reading Dynamics course just five weeks ago," he continued.

"In that short time I was able to increase my reading efficiency from less than 250 wpm to over 2,000 wpm with increased comprehension. Now I spend no more time reading books, magazines, periodicals than I did before I started the course, but I find myself reading eight times as much material."

Douglas will soon be among the more than 300,000 Evelyn Wood Reading Dynamics Institute graduates who have increased their reading efficiency an average of 470%.

Other graduates include members of the White House Staff under the late President Kennedy, members of Congress, business executives, educators, high school and college students and housewives.

Many San Diegans and La Jollans were disappointed because the March classes were completely filled. Reservations are now being accepted for a new series of May classes in San Diego and La Jolla.

From Our Mail Box

Dear Editor:
I went to a meeting last Thursday night with an open mind to learn something about an agency called "HUD".

I'm sorry to say that I came away feeling a little saddened and ashamed of some of the members of our community. We at least could have shown this man the courtesy due him.

Our little community may not have a blighted area, but I am afraid our minds have. I will pray that if we ever again hold a public meeting for any discussion, we will remember not to be rude.

Mae Garrett
7022 San Miguel ave.
Lemon Grove, Calif.

Dear Editor:

Despite American involvement in Vietnam, our own government is drifting dangerously towards military conflict with South Africa. The Republic of South Africa is the primary target of the liberals, communists, and United Nations campaign against white civilization in Southern Africa.

In 1935, the Carnegie Endowment for International Peace published a 170 page study called: "Apartheid and United Nations Collective Measures." This study outlines a battle plan for U.N. military invasion of South Africa by 93,000 men. The bulk of any such invasion force would undoubtedly come from the U.S. Armed Forces because of our commitment under the United Nations Charter.

The big question on the minds of all Americans should be: Why this increasing enmity towards South Africa and Rhodesia when they are our friends and allies? Perhaps its time we came to realize that South Africa and Rhodesia are no enemy of the Negro people, nor of any other people.

In 1963, the Republic of South Africa granted self-government to the Bantu homeland of Transkei — an area the size of Denmark, with 1.5 million people. The Transkei area is exclusively reserved to the Bantus — members of the Negro race.

South Africa and Rhodesia have the most extensive educational programs for the Black African on the continent. Rhodesia has no racial barrier in voting or holding any public office. There are 13 Black Rhodesians among the 65 total membership of the Rhodesian Parliament.

The South African government plans to establish additional self-governing areas (Bantustans) in other parts of their country. Both Rhodesia and South Africa are making

good progress in advancing the status of the Negro. In contrast, most of the remainder of Africa is in turmoil and insecurity under one-man dictatorship.

Sincerely yours,
Fred E. Huntley
Berkley, Calif.

Abusive Callers May Get Rapped

WASHINGTON — An estimated 30 obscene or harassing telephone calls a day are placed to persons in the San Diego area, Rep. Lionel Van Deerlin, D-San Diego, author of legislation to discourage such calls, said.

The estimate was given to Van Deerlin by the Pacific Telephone and Telegraph Co. About 2,470 abusive calls were received by San Diegans during the first three months of this year, the company said, and the figure of 30 calls per day was derived from the total for this period.

Van Deerlin, who had asked the telephone company for the information, said it has reinforced his determination to obtain favorable House action on his bill.

Van Deerlin's measure, H. R. 1422, would provide fines and jail sentences for persons convicted of making abusive calls across state lines or in the District of Columbia.

This offense currently is not covered by any federal law, although 38 states, including California, do have statutes of their own for outlawing obscene and annoying telephone calls, within those states.

Motor Vehicle Taxes Show Sharp Increase

Taxes on the average U.S. motor vehicle rose 31 per cent between 1955 and the end of 1965.

In 1955 the per-vehicle tax averaged \$118. By 1965 it was \$155, of which \$63 went to the federal government and \$92 to the states. Motor fuel taxes accounted for \$7.2 billion, or 52 per cent, of the \$13.8 billion in special taxes paid during 1965 by owners and operators of private and commercial vehicles.

District of Columbia motorists paid an average of \$213 per vehicle, the highest in the nation. In second and third

FIRST POPPY — Encanto VFW & Ladies Auxiliary sold their first Poppy to Councilman Tom Horn. Ceremonies took place at their Post Hall with Cheryl Ann Archibald, Poppy Girl for the Encanto Post and Auxiliary doing the honors.

Encanto VFW Post Hosts Poppy Sales

Encanto Post 6874 of the Veterans of Foreign Wars and their Ladies Auxiliary are planning their annual VFW Buddy Poppy sale on May 26-27. Commander Robert A. May has appointed Mr. Jack Funk and Mrs. Jean Willey as co-chairmen of the Poppy sales and has charged them with beating last year's sale of over 12,000 poppies. "We were first in sales in our district last year and we must do better this year to remain on top," said Commander May.

All Buddy Poppy funds are used for the relief and welfare of needy and disabled veterans. This is regulated by the V.F.W. National By Laws. Over half of the Buddy Pop-

py receipts are used for local veteran welfare work. All Buddy Poppies are made by disabled veterans in V.A. hospitals and homes. Members of Encanto Post and Auxiliary have been busy for weeks preparing poppy displays for sale to local businesses and planning their sale.

Post 6874 and Auxiliary have been able to assist many needy veterans from our local area with the proceeds from their poppy sales. "It is hoped," said Commander May "that our local citizens will contribute generously again this year so we can continue to help our own in their time of need."

Navy's 'Operation Palette' Opens In SD Fine Arts Gallery

"Operation Palette", a traveling exhibition of original paintings and on-the-scene drawings by official U.S. Navy combat artists, will be on view at the Fine Arts Gallery of San Diego, Balboa Park, June 13-18.

Acclaimed in major cities of the world where it has been shown, these eye-witness records are a graphic portrayal of naval activities on the seas, on the beaches, and in the air. Many of these records have become familiar to the public through reproduction in books and in nationally circulated publications.

Brought to San Diego under

the local sponsorship of San Diego Chapter, Navy League, this exhibition represents 120 from a collection of about 3,000 items, the outstanding works of artists, many of whom are nationally known painters in private life. It has been shown throughout the United States, and has been seen by more than 50 million persons.

The exhibition is open free of charge to the public and may be seen at the Copley Auditorium Tuesday through Saturday 10 a.m. to 5 p.m., Sunday 12:30 to 5 p.m. Closed Monday.

State Sells \$50 Million In Construction Bids

State Treasurer Ivy Baker Priest recently sold \$50 million State Construction Program Bonds and \$50 million State Higher Education Construction Program Bonds, both issues at the same average net interest cost of 3.8976 percent.

The winning bids were submitted by a syndicate headed by the Bank of America, Crocker-Citizens National Bank, United California Bank and Wells Fargo Bank.

Proceeds from the sale of the State Construction Program Bonds, designated as Series P, will be used for the construction and expansion of State facilities for education and other purposes.

The \$50 million derived from the sale of the Higher Education Construction Bonds, Series AA of a \$230 million issue authorized last November, will finance major construction and site acquisition needs

of the University of California and the State College system.

Commenting on the sale, Mrs. Priest said, "The interest cost seems reasonable in light of today's market. Interest costs on State and municipal bonds have been rising steadily in recent weeks. The bids were gratifying and reflect a continued confidence in California's economic strength."

She said that a competing bid, submitted by a syndicate headed by Bankers Trust Company of New York, was also favorable and very close to the winning bid. The Bankers Trust Company syndicate offered an average net interest cost of 3.9082 percent.

Each of the two bond issues sold yesterday was in \$5,000 denominations dated May 1, 1967, and maturing serially from July 1, 1968, through July 1, 1992.

'Narcotics' Is Theme For Church Council Meet

A Clergy Consultation on "Youth, Narcotics and the Church" is scheduled for today from 9:30 a.m. to 3 p.m. The consultation, sponsored by the Evangelism Committee of the San Diego County Council of Churches, will be held in the Corral Room of the Campus Chuck Wagon, 6203 El Cajon Blvd.

"Most ministers do not know the pressures on their young people to use narcotics," asserts Rev. Galal Gough, Evangelism Committee chairman, "nor are they sufficiently informed to be really helpful. This consultation is designed to prepare clergymen to understand the problem and minister to youthful users of narcotics."

The morning panel will concentrate on an analysis of youth involvement in the use of narcotics, and will feature Paul Cossette, Unit Supervisor, Adult Parole and Commu-

nity Service Division, State of California; Dr. Charles Fisher, Department of Sociology, San Diego State; Dr. Robert G. Carrie, Psychiatrist of La Jolla.

In the afternoon the Rev. Edward Hansen, at the Claremont School of Theology and former associated with the Glide Foundation at San Francisco, and Rev. C. Mason Harvey, of Synanon, will be contributors to discussion on the role of the church in responding to the problem of narcotics use by young people. The consultation will climax with the development of specific recommendations for action.

The registration fee will be \$1, and the luncheon, \$1.25. Reservations for the consultation may be made by calling Rev. Gough, at St. Mark's Methodist Church, or by calling the San Diego County Council of Churches office.

IRS Warns About Agent Imposters

The Internal Revenue Service cautioned Southern California taxpayers to be on the alert for unscrupulous individuals who pose as either Revenue Officers or Revenue Agents to extort money on the pretense of satisfying unpaid taxes.

F. S. Schmidt, District Director of Internal Revenue, emphasized that all bona fide employees of the Internal Revenue Service who contact the public carry distinctive identification credentials.

If a person who claims to be an employee of the Internal Revenue Service approaches you and does not identify himself, you should request identification from him. If you still have doubts, contact the nearest Internal Revenue office as quickly as possible.
